

Point

```
graph BT; Player[Player] -- position --> Point[Point];
```

The diagram illustrates a relationship between two objects. At the top is a white rectangular box with a black border containing the text "Point". At the bottom is a gray rectangular box with a black border containing the text "Player". A dashed purple line connects the two boxes, starting from the bottom of the "Player" box and ending at the bottom of the "Point" box. A solid purple arrowhead points upwards at the end of this line. To the right of the dashed line, the word "position" is written in a light gray font.
